Appendix A – The Practice will share patient information with these organisations where there is a legal basis to do so.

Activity	Rationale
Commissioning and contractual purposes Planning Quality and Performance	**Purpose –** Anonymous data is used by the Integrated Care Board (ICB) for planning, performance and commissioning purposes, as directed in the practices contract, to provide services as a public authority. **Legal Basis** – • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine' Patients may opt out of having their personal confidential data used for Planning or research. Please contact your surgery to apply a Type 1 Opt out or logon to https://www.nhs.uk/your-nhs-data-matters/manage-your-choice/ to apply a National Data Opt Out **Processor** – NHS Thames Valley Integrated Care Board (ICB)
Summary Care Record Including additional information	**Purpose –**The NHS in England uses a national electronic record called the Summary Care Record (SCR) to support patient care. It contains key information from your GP record. Your SCR provides authorised healthcare staff with faster, secure access to essential information about you in an emergency or when you need unplanned care, where such information would otherwise be unavailable. **Legal Basis** – • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine' The relevant COPI notice states that its purpose: "…is to require organisations to process confidential patient information for the purposes set out in Regulation 3(1) of COPI to support the Secretary of State's response to Covid-19 (Covid-19 Purpose).

	"Processing" for these purposes is defined in Regulation 3(2) and includes dissemination of confidential patient information to persons and organisations permitted to process confidential patient information under Regulation 3(3) of COPI." Full details of the Summary Care Record supplementary privacy notice can be found here Patients have the right to opt out of having their information shared with the SCR by completion of the form which can be downloaded here and returned to the practice. Please note that by opting out of having your information shared with the Summary Care Record could result in a delay to care that may be required in an emergency. **Processor –** NHS England & NHS Digital
Research	**Purpose –** We may share anonymous patient information with research companies for the purpose of exploring new ways of providing healthcare and treatment for patients with certain conditions. This data will not be used for any other purpose. Where personal confidential data is shared your consent will be required. Where you have opted out of having your identifiable information shared for this Planning or Research your information will not be shared. **Legal Basis –** • Articles 6(1)(a) and 9(1)(a) – explicit consent; or • Article 6(1)(c) (where we are *legally obligated* to share your personal data) for your standard personal data and Article 9(2)(j) (scientific research) for your health data. Where identifiable data is required for research, patient consent will be needed, unless there is a legitimate reason under law to do so or there is support under the Health Service (Control of Patient Information Regulations) 2002 ('section 251 support') applying via the Confidentiality Advisory Group in England and Wales.

	Processor – NIHR Clinical Research Network: Thames Valley and South Midlands
Individual Funding Requests	**Purpose –** We may need to process your personal information where we are required to fund specific treatment for you for a particular condition that is not already covered in our standard NHS contract. The clinical professional who first identifies that you may need the treatment will explain to you the information that is needed to be collected and processed to assess your needs and commission your care; they will gain your explicit consent to share this. You have the right to withdraw your consent at any time but this may affect the decision to provide individual funding. **Legal Basis** – • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine' **Data processor** – South Central and West Commissioning Support Unit
Safeguarding Adults	**Purpose –** We will share personal confidential information with the safeguarding team where there is a need to assess and evaluate any safeguarding concerns and to protect the safety of individuals. Consent is not required to share information for this purpose. **Legal Basis** – Direct Care under UK GDPR: • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine **Data Processor** – NHS Thames Valley Integrated Care Board (ICB)
Safeguarding Children	**Purpose –** We will share children's personal information where there is a need to assess and evaluate any safeguarding concerns and to protect the safety of children.

	Legal Basis – • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine' Consent may not be required to share this information. **Data Processor** – Berkshire Healthcare Foundation Trust & Practice NHS England and NHS Digital via GP Connect
Risk Stratification – Preventative Care	**Purpose -** 'Risk stratification for case finding' is a process for identifying and managing patients who have or may be at-risk of health conditions (such as diabetes) or who are most likely to need healthcare services (such as people with frailty). Risk stratification tools used in the NHS help determine a person's risk of suffering a particular condition and enable us to focus on preventing ill health before it develops. Information about you is collected from a number of sources including NHS Trusts, GP Federations and your GP Practice. A risk score is then arrived at through an analysis of your de-identified information. This can help us identify and offer you additional services to improve your health. If you do not wish information about you to be included in any risk stratification programmes, please let us know. We can add a code to your records that will stop your information from being used for this purpose. Please be aware that this may limit the ability of healthcare professionals to identify if you have or are at risk of developing certain serious health conditions. **Type of Data –** Identifiable/Pseudonymised/Anonymised/Aggregate Data **Legal Basis** – • Article 6(1)(e) '…necessary for the performance of a task carried out in the public interest or in the exercise of official authority…'; and

Payments, Invoice Validation	**Purpose -** Contract holding GPs in the UK receive payments from their respective governments on a tiered basis. Most of the income is derived from baseline capitation payments made according to the number of patients registered with the practice on quarterly payment days. These amounts paid per patient per quarter varies according to the age, sex and other demographic details for each patient. There are also graduated payments made according to the practice's achievement of certain agreed national quality targets known as the Quality and Outcomes Framework (QOF), for instance the proportion of diabetic patients who have had an annual review. Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends. Practices can also receive payments for certain national initiatives such as immunisation programs and practices may also receive incomes relating to a variety of non-patient related elements such as premises. Finally there are short term initiatives and projects that practices can take part in. Practices or GPs may also receive income for participating in the education of medical students, junior doctors and GPs themselves as well as research. In order to make patient based payments basic and relevant necessary data about you needs to be sent to the various payment services. The release of this data is required by English laws. **Legal Basis** – • Article 6(1)(c) 'processing is necessary for compliance with a legal obligation to which the controller is subject'; and • Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine'. **Data Processors** – NHS England, Thames Valley ICB, Public Health
